ROYAL TANKS

POLYETHYLENE HIGH DENSITY

(German Technology)

Al Bassam continues our interest in innovative ideas to offer the best for their customers, has made us to invest towards the best technology for making water tanks and plastic products by Blow Molding Technology. Al Bassam owns the world's biggest Blow Molding machine.

Royal Tank is the latest innovation & made out of tough High Density Polyethylene through the latest manufacturing technologies, machines & molds using the best & highest quality of raw materials which gives the unprecedented strength of the tank; very heavy duty and long life.

- **German Technology**
- **100% Healthy & Safe**
- **Chemical Free: To prevent hair fall & safe for sensitive skin (Hypoallergenic)**
- **Conforms to the specification of the World Health Organization (WHO)**
- **Built-in smart air-vent integrated with the tank lid, designed to reduce internal heat temperature.**

- تقنية المانية
- صحي وآمن ١٠٠٪
- خالي من المواد الكيميائية: لمنع تساقط الشعر
- وآمن للبشرة الحساسة (مضاد للحساسية يتوافق مع مواصفات منظمة الصحة العالمية
- فتحة تهوية ذكية مدمجة مع غطاء الخزان ، مصممة لتقليل درجة الحرارة الداخلية .

4 LAYERS

① **Polyethylene Beige Color or White Color**
- UV stabilized polyethylene with food grade with master batch.
- UV Layer provides the tank, a resistance against ultraviolet rays.

② **Polyethylene Black Color**
- Sun Shield layer
- Prevent Fungus
- Prevent Bacterial Growth

③ **Polyethylene Thermal Inslation Gray Color**
- Reduction of heat transmission and act like a barrier from outside to the water stored inside the tank.

④ **Polyethylene Black Color**
- Prevent fungus
- Prevent Bacterial Growth

UV stabilized with food grade to be suitable for the storage of potable water

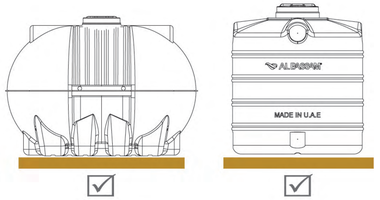
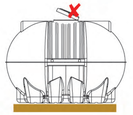
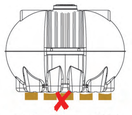
SAFETY INSTRUCTIONS



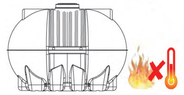


عدم ترك الخزان مفتوح
Keep the tank cover closed at all the times
(No warranty)

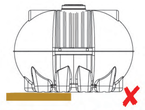


عدم وضع الخزان على قاعدة غير مستوية
Not to place the tank on uneven base

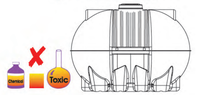
عدم وضع الخزان على قاعدة مائلة
Not to place the tank on slanted base
(No warranty)



إبعاد الخزان عن مصادر الحرارة العالية
Keep the tank away from fire & high temperature sources
(No warranty)



يجب أن تكون القاعدة كافية تحت الخزان
The foundation must fit under the tank
(No warranty)



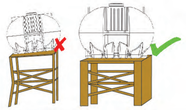
عدم وضع مواد كيميائية إلا بموافقة الشركة
Not to put chemicals except with the consent of the company

عدم كشط جسم الخزان بأدوات حادة
Not to scrape the tank with sharp objects
(No warranty)

إلتزام الحذر أثناء تحميل و تنزيل الخزان
Caution when loading & unloading the tank
(No warranty)

إبعاد الخزان عن خطوط التيار الكهربائي
Keep the tank away from electricity / power lines

يجب عدم وضع مياة داخل الخزان اثناء نقلة في سيارة من مكان الي اخر
Don't Drive with water in the tank
(No warranty)



يجب وضع الخزان على قاعدة قوية
The tank should be placed on a strong base
(No warranty)

WATER REGULATIONS ADVISORY SCHEME LTD. (WRAS)
MATERIAL APPROVAL

The material referred to in this letter is suitable for contact with wholesome water for domestic purposes having met the requirements of BS6920:1:2000 and/or 2014. Suitability of non-metallic products for use in contact with water intended for human consumption with regard to their effect on the quality of the water.

The reference relates solely to its effect on the quality of the water with which it may come into contact and does not signify the approval of its mechanical or physical properties for any use.

POLYETHYLENE-COMPONENTS. 5040

'Al Bassam High Density Polyethylene Aboveground Water Tank Panel'. Blow moulded HDPE tank panel which comprises of four layers and has a black coloured outer contact layer, red and black coloured inner layers and white coloured outer non-water contact layer. For use with water up to 65°C.

APPROVAL NUMBER: 210540
APPROVAL HOLDER: AL BASSAM INTERNATIONAL FACTORIES LLC

The Scheme reserves the right to review approval.
Approval 210540 is valid between June 2021 and June 2025

An entry, as above, will accordingly be included in the Water Fittings Directory on-line under the section headed, "Materials which have passed full tests of effect on water quality".

The Directory may be found at: www.wrasapprovals.co.uk/approvals-directory/

ATTESTATION OF CONFORMITY

ISSUED TO : AL BASSAM INTERNATIONAL FACTORIES LLC.
PRODUCT(S) DESCRIPTION : 'Al Bassam High Density Polyethylene Aboveground Water Tank Panel'. Blow moulded HDPE tank panel which comprises of four layers and has a black coloured outer contact layer, red and black coloured inner layers and white coloured outer layer.
MANUFACTURED BY : AL BASSAM INTERNATIONAL FACTORIES LLC.
APPLICABLE STANDARD SPECIFICATIONS / REQUIREMENTS : BS6920:1:2000 and/or 2014
CONFORMITY CERTIFICATE DETAILS :
CERTIFICATE NUMBER : 210540
CERTIFICATE TITLE : WATER REGULATIONS ADVISORY SCHEME LTD. (WRAS) MATERIAL APPROVAL
ISSUED BY : WATER REGULATIONS ADVISORY SCHEME LTD. (WRAS)
ISSUED TO : AL BASSAM INTERNATIONAL FACTORIES LLC
EVALUATION REPORT NO : RA2462253

ATTESTATION

Dubai Central Laboratory Department hereby attests that the product(s) described above conforms to the requirements of the applicable standard specifications / requirements.

This attestation is based solely on the review and verification of the validity and authenticity of the Product Conformity Certificate and as per Evaluation Report as mentioned above. **This attestation shall not be used when the Product Conformity Certificate becomes invalid at any time.**

PRODUCT CONFORMITY

Manager Certification and Quality Control of Products Section
Dubai Central Laboratory Department

Attestation No. : VA2106521
Original Issue Date: 27/12/2021
Current Issue Date: 27/12/2022
Valid Up To: 26/12/2024

This Attestation of Conformity is in accordance with Certification Scheme Type 1b as described in ISO/IEC 17067:2013 Conformity assessment – Fundamentals of product certification and guidelines for product certification schemes.

This Attestation is an electronic document and shall not be reproduced except in full. Any alteration shall invalidate this document. The Dubaiwater Brand mentioned above including its amendments forms an integral part of this Attestation.

Lack of fulfilment of conditions not set for the issuance of this certificate and timely completion of periodic surveillance audit may render the certificate invalid.

1. WRAS Certificate

- a British Certificate (Water Regulations Advisory Scheme) registered in United Kingdom which is of high value. This certifies that our products (tanks) are safe for water storage and suitable for safe drinking water.

2. Dubai Municipality Certificate DCL

- a certificate from Dubai Central Laboratory Department, certifies that our product (water tanks) are safe for water storage and suitable for safe drinking water.

3. Dubai Municipality Certificate FCM

- a certificate from Dubai Food Safety Department, certifies that our product (water tanks) has been checked and found to be suitable for direct contact with foods.

4. ISO 9001 : 2015

- an internationally recognized Quality Management System (QMS) standard, certifies that our product (water tanks) reflects our commitment to delivering reliable, durable, and high-quality water storage solutions that meet international quality requirements and customer expectations.

5. TCCPL Certificate of Compliance

- This certification assures our clients that our water tanks are tested, verified, and comply with recognized regulatory and performance standards.

This certificates prove and ensure that our tanks comply with all relevant skin safety standards and cannot cause any kind of skin and body allergies like:

a) Skin Colour Change b) Dandruff c) Hair Fall
